'We still believe that we can win'

by SIMON MAIL

WEALDSTONE manager Gordon Bartlett believes his side can pull off their "greatest" comeback and book a trip to Wembley in the FA Trophy final.

The Stones were beaten 3-1 at Newport County in Saturday's first leg but they will return to Grosvenor Vale this weekend as they bid to produce a huge upset against the Conference side.

Bartlett said: "We still believe that we can do it. We were massive underdogs before the first game and to be 3-1 down makes it even harder but the belief is still there.

"It's a massive game at the weekend and to turn it around would be the greatest moment in my career and also for the club.

"It would be the biggest upset and most historic day in the club's history if we can turn it around.

"When they won it previously they were one of the top clubs in the country [in the competition] and we are nowhere near that standard now.

"We were massive underdogs to win in the fourth round let alone now that we're two down in the last-four. The odds are stacked against us but if we did it that would be beyond our wildest dreams and an incredible achievement."

Wealdstone found themselves 2-0 down midway through the first half but Richard Jolly pulled one back in the second half. A third Newport goal put them firmly in the driving seat at the halfway

stage.

But Bartlett's side can take heart from their recent shock wins over Cambridge United and Dartford in the competition this season as they look to repeat their 1985 feat of winning the FA Trophy at Wembley.

The manager has called on the home supporters to fill the ground this weekend, with 700 Newport fans making the journey, and help the players in their quest to reach Wembley.

Bartlett added: "We want as many people as possible to turn up at the weekend and everyone can make a difference.

"The players want to play at Wembley and we won't give up our dream without a fight. We will give it our all. I believe, the players believe and the fans do too so it is possible.

"The team showed real character in the second half and I thought we played well so we have to take that into Saturday."

Bartlett insists his side can afford to be patient and do not have to score an early goal to turn the tie around.

He said: "We can be patient and the most important thing is that we score first. It doesn't matter whether we score in the first minute or the 80th minute. If we can get that goal then there will be some squeaky bums from Newport."

The Stones warmed up for the semi-final with a comfortable 3-0 league win over bottom side Horsham. Another brace from Jolly and a Wes Parker goal kept them in touch with the Ryman Premier play-off pack.

Richard Jolly kept the Stones' Wembley hopes alive with a goal at Newport County.
